

General details

High purity aluminum heat sink with best heat dissipation ensure LED chip with long lifespan and different beam angle.
 LED driver, High PF, Safety isolation and flicker free Die cast High purity aluminum
 Pure aluminum reflector Optical lens

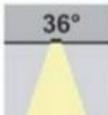

Dettagli generali

Il dissipatore di calore in alluminio ad alta purezza con la migliore dissipazione del calore garantisce un chip LED con una lunga durata e un diverso angolo del fascio.
 Driver LED, PF elevato, isolamento di sicurezza e assenza di sfarfallio Pressofusione di alluminio ad alta purezza
 Riflettore in alluminio puro Lente ottica
